Education

TATU Uzbekistan Tashkent — Software Engineering   📅 Oct 2020 - June 2024

Experience

Uzcsd.uz — Front-End Developer   📅 Sep 2022 - Feb 2023

`Vue-i18n` `Tailwind Css` `Vue 3`

- The Central Securities Depository serves as a centralized platform for the storage and accounting of rights within the depository system of the Republic of Uzbekistan. By providing a unified and secure infrastructure, the organization facilitates the efficient management and tracking of securities, ensuring transparency and integrity in financial transactions across the country's capital markets.

- With a commitment to investor protection and market integrity, the Central Securities Depository implements robust safeguards and regulatory frameworks to safeguard the interests of market participants.

Depo.uzcsd.uz — Front-End Developer   📅 Feb 2023 - May 2023

`Vue-i18n` `Tailwind Css` `Vue 3`

- Built with Vue 3, 'Depo.uzcsd.uz' prioritizes user experience by delivering a seamless and interactive browsing experience. The website's intuitive interface, responsive design, and optimized performance ensure that users can easily navigate, engage with content, and find the information they need, enhancing overall user satisfaction and engagement with the platform.

- 'Depo.uzcsd.uz' effectively organizes and presents news related to the company's depot operations in a clear and accessible manner. With dedicated sections for Depo News, Depo Vestnik, and Depo Compass, users can easily navigate and find relevant information, ensuring they stay informed about the latest developments and updates within the depot.

Delixi Electrics — React js Developer   📅 Oct 2023 - Nov 2023

`React js` `Tailwind Css` `Motion`

- Delixi - Electric offers users a wealth of information about electrical products, ranging from specifications and features to usage tips and compatibility details. By providing comprehensive insights, users can make informed decisions when selecting electrical products for their specific needs.

- Delixi - Electric plays a pivotal role in promoting awareness and appreciation for the electric industry. By showcasing the diversity and innovation within the sector, the platform highlights the significance of electrical products in everyday life and encourages engagement and interest among users, ultimately contributing to the advancement of the industry as a whole.

Conference-list.uz — Next js Developer   📅 Dec 2023 - Feb 2024

`React js` `Next js` `Shadcn/ui`

- Easily create, schedule, and manage conferences, workshops, and seminars directly through the platform. From setting event dates to defining topics and inviting speakers, Conference-list.uz provides comprehensive tools for efficient event planning.

- Ensure data privacy and security with robust encryption protocols and secure data storage mechanisms. Conference-list.uz prioritizes the protection of user information, maintaining compliance with industry standards and regulations.

Uzworks.uz — React js Developer   📅 Feb 2024 - April 2024

`Vite js` `React js` `Shadcn/ui`

- Uzworks.uz leverages advanced algorithms to facilitate seamless job matching, enabling job seekers to discover relevant employment opportunities that align with their skills, experience, and career objectives. Employers can also efficiently find qualified candidates based on specific criteria.

- The platform boasts an extensive database of job listings spanning various industries, sectors, and job roles across Uzbekistan. From entry-level positions to executive roles, Uzworks.uz caters to diverse job seekers and employers, ensuring comprehensive coverage of the job market.

About of myself

I'm a skilled front end developer with experience in JavaScript and Typescript, and expertise in frameworks like React, Next js and Three.js. I am a fast learner and work well with a team. Check out my projects and skills.
